These requirements arise by virtue of the Company's equity listing.

The Company is also required to maintain an insider list, being a list of those persons working for the Company with access to inside information concerning the Company.

The Committee is constituted to assist the Company to meet the aforementioned requirements. The Committee has responsibility for, among other things, determining on a timely basis the disclosure treatment of material information, and assisting in the design, implementation and periodic evaluation of disclosure controls and procedures. The Committee also has responsibility for the identification of inside information for the purpose of maintaining the Company's insider list. This requirement is in addition to the procedures set out in the Company's Insider List Memorandum.

The Committee is also responsible for ensuring that an appropriate verification process is established in relation to all announcements which it approves for release by the Company.

4. Organisation and Procedures

Quorum

The general quorum for a meeting of the Committee is any two members, one of whom must be the Chief Executive Officer or Chief Financial Officer and one must be a Non-Executive Director. However, in the case of any significant event or issue, the Chairman will take steps to ensure that the Chief Financial Officer and, if appropriate, the Chief Executive Officer participates in the Committee.

The Committee members present at a Committee meeting will elect one member to chair the meeting.

The Committee may invite any of the Company's directors, employees or external advisers to attend all or any part of any meeting of the Committee, as appropriate.

Operating Procedures

The Committee will meet (including by telephone or video conference) at such times as shall be necessary or appropriate, as determined by the Chairman of the Committee, the Chief Executive Officer or the Chief Financial Officer and will follow the operating procedures as set out in Part 3 of the Company's manual on Procedures, Systems and Controls for Compliance with the Listing Rules and Disclosure Requirements.

Meetings of the Committee may be called by any member of the Committee.

A decision of the Committee (including any decision to approve an announcement) must be approved by a majority of the Committee's members present at a quorate meeting. The Chairman will have a casting vote.

The Chairman will ensure that minutes of the matters considered and decisions taken at all Committee meetings, including the names of those present and in attendance, are kept and circulated to all Committee members.

External Advice

The Committee is authorised to take external professional advice as necessary and in particular from the Company's legal advisers, brokers, external auditors and other advisers.

In particular, the Committee will consult with the Company's corporate brokers and legal advisers when appropriate to assess whether information may constitute inside information and, if so, the nature and scope of any disclosure obligation as well as the basis on which any disclosure can be delayed. The Committee will ensure that a summary of any such advice is recorded and circulated to all Committee members.

Access to Company records and personnel

The Committee will be given full access, as appropriate and necessary, to the Company's books, records and personnel for the purpose of discharging its responsibilities.

Authority

The Committee will operate under the authority delegated by the Board to the Chief Executive Officer and Chief Financial Officer.

The Committee is authorised to approve ad hoc announcements for immediate release.

However, nothing in these terms of reference will preclude the Board from assuming any of the Committee's duties or responsibilities. In certain circumstances, it may be more appropriate for the Board, rather than the Committee, to assess whether information of which it becomes aware may potentially constitute inside information and to determine the arrangements that are required to be implemented in order to ensure the control of such inside information.

Reporting

The Committee will be responsible for keeping the Board apprised of material developments in connection with the identification, treatment and disclosure of inside information.

The Committee will make whatever recommendations to the Board that it deems appropriate on any area within the Committee's remit where action or improvement is needed.
